

The Business Incubator Program

at Union River Center for Innovation

Do you want to start or grow your company? The Union River Center for Innovation's Business Incubator Program gives small businesses and entrepreneurs the tools and resources they need to launch or grow their companies by providing on-site support services. We work to empower businesses to overcome challenges and achieve their potential. The Center also promotes collaboration through a diverse mix of entrepreneurs, small business owners, remote workers, and co-workers sharing our space. Our location, on the banks of the scenic Union River and walkable to Downtown Ellsworth, further enhances the experience with the true Maine Quality of Life features that make coastal Maine so special.

Tools and Resources available through the Business Incubator Program include:

- **Mentoring**
- **Business Coaching**
- **Networking**
- **Promotional Opportunities**
- **Community Laboratory**
- **Basic Services such as office space, high-speed internet, mailbox, shared kitchen space, and copier/printer.**

How to Apply

At Union River Center for Innovation, we care about you, your startup business, and your goals and mission. We want to do whatever we can to help you and your business grow and succeed. The only thing we need from you is information on how we can help! Interested in joining the Union River Center for Innovation? Contact us today to learn more about the application process!

"URCI has taken a big step forward in providing an onsite administrator/entrepreneur with the time to conduct one on one mentoring meetings every 2-3 months. My pitch development process has improved by giant steps and they are attributable to his mentoring/coaching! The connectedness to the entrepreneurial ecosystem in Maine has been empowering. URCI's credibility in the ecosystem provides validation for the entrepreneur as acceptance is essentially immediate once it is known one has been accepted by URCI."

Jerry Collings, CEO, Treadwell Corporation
